Dat past namelijk bij deze vermelding: f. 110v d.d. 4-3-1608: Comp. Dirck Adriaensz. Camerman onze buurman en bekende verkocht te hebben aan de e. mr. Notes for Theunis Camermans:

Hoewel in de overlijdensakte, in de huwelijksakte en in zijn in Dordrecht afgegeven Passport (om van Dordrecht naar Middelburg te reizen) staat, dat Theunis in Dordrecht geboren is, is in het archief geen bewijs hiervoor. Er is geen doop- en ook geen geboorte-inschrijving te vinden. Ook niet in Gorinchem of s'Hertogenbosch, waar hij met zijn familie gewoont heeft.

In het Oud Stadsarchief (OSA) Archiefnr.: 1, Inventarisnr.: 3337, Periode:1775 - 1785, is Theunis vermeld (Na23 op 21.5.1781) als geborene in Dordrecht, en van beroep "knecht op de oliemolen".

In dit zelfde archief is hij ook vermeld als "eigenaar".

Heeft op 22.4.1781 een huis in s'Hertogenbosch gekocht en op 17.7.1798 weer verkocht.

Dit huis is helemaal vervallen, werd 1960 gesloopt en nieuw opgebaut. Is volgens het kadaster (bijna zeker) het tegenwoordige huis aan de Brede Haven 46.

Dr. Johannes Govertus de Man (1850-1930), een bioloog uit Yerseke, wor dt algemeen als een der grondleggers van de Nederlandse Nematologie ge zien. Hij beschreef een belangrijk deel van de Nederlandse nematodenfa una. Hij schreef meer dan 160 publicaties over terrestrische, zoetwate r- en mariene nematode. Zijn beschrijvingen worden tot op heden nog st eeds geraadpleegd. Het is bijna onvoorstelbaar dat iemand met de micro scopen uit de vorige eeuw zo gedetailleerd kon waarnemen.

Nematoden: Nematoden (ook wel aaltjes genoemd) zijn kleine wormen. De naam nematode is afgeleid van het Griekse woord "nema", dat "draad" be tekent. De bodembewoners zijn gemiddeld 1 mm lang, mariene nematoden k unnen een lengte bereiken van enkele centimeters, terwijl onder de die rparasieten soorten voorkomen van vele tientallen centimeters.

Maria Goverdina Antonia de Man

(Middelburg, 19 Mei 1855 - Leiden, 15 September 1944)

Maria Goverdina Antonia de Man werd op 19 Mei 1855 als oudste dochter en tweede kind van dr. Jan Cornelis de Man en Neeltje Elisabeth Kamerm an te Middelburg geboren in het huis in de Lange Sint Pieterstraat waar zij bijna haar leven lang met haar jongere zuster is blijven wonen, tot de ramp van 17 Mei 1940 het met een groot deel van de oude binnens tad in vlammen deed opgaan. Haar vader, een bekend arts, was een der stuwkrachten van het culturele leven in Middelburg en Zeeland, dat in de tweede helft van de vorige eeuw niet het minst ook door zijn toedoen een hoge vlucht heeft genomen. Zijn veelzijdige belangstelling ging vooral uit naar het verleden van Zeeland; zijn craneologische en paleontologische studies waren hem een welkome aanleiding om uit te weiden over de oude geschiedenis van zijn geboorteland. Terwijl zijn wetenschappelijke vorserszin overging op zijn zoon dr. Johannes Govertus de Man (1850-1930), die een verm aard bioloog werd, droeg hij zijn liefde voor de oude historie van Zeeland vooral op zijn dochter Marie over. Voor haar bracht hij op een goede dag een verzameling munten mee met de aansporing die te bestuderen . Het werd de directe aanleiding dat Marie de Man in haar lange leven een der bekendste numismaten van Nederland is geworden.

Al op jeugdige leeftijd door een ernstige doofheid getroffen en daardoor minder geschikt om zich, als haar jongere zuster Antoinette, aan maatschappelijke en charitatieve arbeid te wijden, vond zij in de studie van munten en penningen weldra een bevrediging, die haar de eenzaamheid, dat onvermijdelijke lot der doven, gemakkelijker deed dragen. Walcheren, dat al in de Romeinse tijd bewoond is geweest en waar de Romeinen een belangrijke basis voor hun vloot, vooral voor de handel op Engeland, hebben bezeten, vaas en is een rijke vindplaats van munten, en vooral het strand van Domburg, waar eenmaal de tempels ter ere der godin Nehalennia stonden, is in dat opzicht vermaard. Aldus bezat het museum van het Zeeuws Genootschap der Wetenschappen een belangrijke verzameling Romeinse, maar ook Merovingische, Karolingische en Angelsaksische munten, waarover aan Marie de Man al in 1881 de zorg werd opgedragen. In 1889 werd zij conservatrice van het zgn. numismatisch kabinet van het Genootschap, dat tot 1933 aan haar zorgen bleef toevertrouwd. Bij haar aftreden als conservatrice benoemde het Genoot-

[p. 128]

schap haar tot erelid. De door haar opgestelde Catalogus der munt- en penningverzameling van het Zeeuws Genootschap verscheen in 1907.

Marie de Man heeft in de loop der jaren een groot aantal studies, mees t tijdschriftartikelen, over numismatische onderwerpen geschreven, die blijken geven van haar speurzinn, haar grote kennis en belezenheid op het gebied van haar studie en haar veelzijdige belangstelling. De meeste verschenen in het Tijdschrift (later het Jaarboek) van het Kon. Genootschap voor munt- en penningkunde. Haar eerste artikel van enige omvang handelde over een belangrijke muntvondst in het oude kerkhof van Mariakerke op Walcheren; het is het eerste van een lange reeks, waarin zij naast haar liefde voor de numismatiek ook uiting kon geven aan haar gehechtheid aan de geboortegrond, die ze pas op het allerlaatst van haar leven, door bittere omstandigheden gedwongen, heeft moeten verlaten.

Herhaaldelijk en met onmiskenbare voorliefde heeft ze over de vondsten van het Domburgse strand geschreven, het uitvoerigst in haar bekende verhandeling: *Que sait-on de la plage de Dombourg?* (1899), waarin ze een beredeneerd overzicht gaf van al hetgeen dat strand in de loop der eeuwen aan archaeologische voorwerpen aan het licht had gebracht, als bewijsstukken van de verblijfplaatsen der Romeinen en van de begravingplaats die hier in de Karolingische tijd werd aangelegd. In meer populaire vorm heeft ze over deze strandvondsten verteld in het aardige opstel waarin ze, in het Gedenkboek bij het anderhalve-eeuwfeest van het Zeeuws Genootschap, in 1919, de geschiedenis van het Munt- en Penningkabinet van het Middelburgse Museum heeft beschreven. In de aanhef van deze verhandeling beschreef ze het ontstaan en de geschiedenis van de liefhebberij voor munten, die later tot de wetenschap der numismatiek zou uitgroeien. Al eerder had ze, in 1913, in een boek dat de ontwikkelingsgang van het leven en werken der vrouw in Nederland en zijn koloniën wilde schetsen, de plaats aangewezen die in de loop der eeuwen de vrouw als médailleur heeft ingenomen. In deze beide populaire verhandelingen, die voor een groter publiek waren bestemd dan waarvoor Marie de Man gewoonlijk schreef, komt duidelijk uit hoezeer ze hield van de wetenschappelijke arbeid, waarin ze toen, ook in het buitenland, sinds lang zich een reputatie had verworven. Van de Belgische Société Royale de Numismatique was ze erelid, van de Numismatische Vereniging te Dresden corresponderend lid. Van het in 1892 opgerichte Kon. Nederl. Genootschap voor Munt- en Penningkunde was [p. 129]

ze van het begin af lid, en lange tijd het enige vrouwelijke lid. Het jaar daarop kwam ze in de redactie van het tijdschrift van dit genootschap, dat haar in 1917 tot erelid benoemde.

Ook naar de bovengenoemde Nehalenniabeelden ging haar belangstelling uit. Deze beelden, fragmenten van altaren, waren in 1647 voor het eerst ontdekt. Van de 27 stenen die in de kerk van Domburg bewaard bleven, doorstonden er maar 7, zij het dan ook min of meer gehavend, de brand die in 1848 deze kerk verwoestte. Deze werden in 1866 naar het Middelburgse museum overgebracht, met de brokstukken van de andere door de brand vernielde beelden. Met grote toewijding heeft Marie de Man, wed. rom op instigatie van haar vader, deze fragmenten trachten te reconstrueren. Het lag dan ook voor de hand dat haar later ook het beheer over de 'stenen kamer', de praehistorische verzameling van het Zeeuws Genootschap, vanouds een der bezienswaardigheden van het Museum, werd opgedragen.

Haar grote liefde behielden evenwel de munten en penningen, in het bijzonder die van Zeeland. Een studie 'Over Zeeuwsche loodjes' (1892) gaf ze afzonderlijk uit als een 'bijdrage tot de penningkunde van Zeeland'; daarin beschreef ze alle haar bekende 'loodjes', dat zijn loden, maar ook wel koperen of zelfs zilveren muntjes, die als noodgeld of presentiebewijs dienst deden, maar die, wanneer ze geen dienst meer behoeften te doen doorgaans omgesmolten werden. Andere studies hebben betrekking op munten en noodmunten. In 'La numismatique du siège de Middelbourg' (1902-1903) beschreef ze de noodmunten, geslagen tijdens het beleg der Zeeuwse hoofdstad van 1572-1574. In haar studie 'Over de noodmunten van Zierikzee, geslagen van 1574-1576 en over de inwisseling deze stukken door de Staten van Zeeland in 1595' (1910) deed ze hetzelfde voor de tweede stad van Zeeland.

In een groot aantal artikelen heeft ze alles beschreven wat haar aan Zeeuwse gildepenningen in handen is gekomen. Van de vele andere bijdragen die ze schreef wil ik alleen nog haar monografie over de 17de eeuwse Middelburgse stempelsnijder en graveur Johannes Looff (1925) noemen.

Na de dood van haar vader, die in 1909 op ruim 90-jarige leeftijd overleed,

bleven Marie en Antoinette in het ouderlijke huis wonen, dat vol herinneringen was aan zijn veelzijdige werkzaamheid. Voor deze vader gevoelde ze een grote, bijna mateloze vereering, en ze liet geen gelegenheid voorbijgaan om met grote pietereit zijn naam te noemen.

[p. 130]

Ondanks haar doofheid stond ze met velen in vriendschappelijke betrekking, en al verloor ze bij het ouder worden vele vrienden en vakgenoten door de dood, haar hartelijkheid, haar medeleven met alles wat er in de wereld omging en met allen uit haar omgeving deden haar onder elke nieuwe generatie nieuwe vrienden winnen. In 1925 vierde ze onder grote belangstelling haar 70ste jaardag, in 1935 haar 80ste. Aan de vooravond van haar 85ste jaardag zag ze uit Domburg, waarheen ze met haar zuster was uitgeweken, haar vaderstad in vlammen opgaan. Toen ik haar enkele weken later bezocht in haar nieuwe woning, waar niets herinnerde aan het oude huis, trof me haar vitaliteit en haar levenslust. Met bewonderenswaardige dapperheid heeft deze oude vrouw de slag gedragen, die haar in haar hoge ouderdom trof. Nu ze het wetenschappelijke apparaat miste, dat ze in een lang leven, aan wetenschappelijke arbeid gewijd, had opgebouwd, begreep ze dat van verder werken op numismatisch gebied geen sprake meer kon zijn. Gelaten en zelfs blijmoedig heeft ze zichzelf in dit grote verlies geschikt. Twee jaar na deze ramp, op 10 Mei 1942, overleed haar zuster; enkele maanden later moest ze uit Middelburg evacueren. Haar laatste levensjaren heeft ze in Leiden op kamers gewoond. In deze vreemde omgeving woog de eenzaamheid, het lot van allen wien een lang leven vergund is, haar dubbel zwaar, en dubbel zwaar viel haar hier ook het gemis van haar zuster, die de moeilijkheden, aan haar doofheid verbonden, steeds zoveel mogelijk en met grote tact had opgevangen. In haar brieven klaagde ze over de eenzaamheid, maar wanneer een bezoek bracht, werd tot het laatst toe getroffen door haar blijmoedigheid en haar onverwoestbare humor, die haar onder geen enkele omstandigheid heeft verlaten. Haar 90ste jaardag hoopte ze temidden van haar vrienden in Middelburg te vieren. De dood, die haar op 15 September 1944 onverwachts en zonder ziekbed wegnam, heeft haar dit voorrecht niet vergund, maar haar tegelijk de nieuwe ramp bespaard, die Walcheren enkele weken later zou treffen.

Lijst der geschriften

In 1930 heeft Marie de Man een (naar ik meen door haar broer opgesteld) lijst van haar geschriften op munt- en penningkundig gebied uitgegeven, waarin de 87 tussen 1883 en 1930 door haar geschreven tijdschrift artikelen en afzonderlijke uitgaven staan opgesomd, benevens de belangrijkste korte bijdragen die zij in het Tijdschrift (later Jaarboek) van het Kon. Nederl. Genootschap voor Munt- en Penningkunde publiceerde. In verband daarmee volgen hier alleen de publicaties die zij na 1930 heeft geschreven.

Bovendien de volgende 'Korte Bijdragen' in het Jaarboek van het Kon. Nederl. Genootschap voor Munt- en Penningkunde:

Aanteekeningen over eenige Vlissingse gildepenningen (19, 1932, blz. 221-224); Politielooden van Bergen op Zoom (t.a.p., blz. 228); Waren op het eind der 18e eeuw gildepenningen te Middelburg nog in gebruik? (21, 1934, blz. 139-142); Een zilveren Neurenberger rekenpenning (22, 1935, blz. 132-134); Kerkelijk loodje van Koudekerke (W.)?; Wanneer zijn de burgemeesterspenningen in gebruik gekomen? (23, 1936, blz. 112-116); Hoe gehandeld is geworden met de materialen en stempels van de Zeeuwsche Munt, na de sluiting ervan in 1799 (24, 1937, blz. 89-90).

school (Middelburgsche Courant | 26 december 1857). - Benoemd (Middelburgsche Courant | 19 mei 1860 - nu heet hij: C. Kamermans).

In 1869 is C. Kamermans (hulponderw.) inwoner van Middelburg (acte). In 1874, 1888, 1889, 1890, 1893 en 1897 inwoner van Middelburg (acten 1874 tm 1897).

Zijn jaarwedde is verhoogd (Middelburgsche Courant | 18 augustus 1871). Maar hij en zijn collega's geven hun leedwezen te kennen aan de gemeenteraad, dat ze niet zijn begrepen in het voorstel inzake de reorganisatie der hulponderwijzers-jaarwedden (Middelburgsche Courant | 18 oktober 1872). Hij blijft op een onveranderde jaarwedde van fl. 300 (Middelburgsche Courant | 6 december 1872). Omdat het niet lukt de vacatures te vervullen, stellen B&WE voor de jaarwedden voor hulponderwijzer te verhogen met fl. 50 (Middelburgsche Courant | 6 februari 1873). Voor die verhoging bedankt hij per brief (Middelburgsche Courant | 6 maart 1873). Kamermans wordt bevorderd van 6e naar 5e hulponderwijzer (Middelburgsche Courant | 6 maart 1873).

De heer C. Kamermans heeft van 't departement Middelburg der maatschappij tot Nut van 't Algemeen ontvangen de zilveren medaille wegens volbrachten 40 jarigen dienst als hulponderwijzer aan de openbare scholen te Middelburg (Zierikzeesche Courant, 19/03/1873 en Middelburgsche Courant | 14 maart 1873 ).

Viert zijn 40-jarig jubileum als onderwijzer in het huis van burgerlijke en militaire verzekering te Middelburg (Middelburgsche Courant | 4 januari 1876).

Verzoekt de gemeenteraad om eervol ontslag als hulponderwijzer op school F = de school voor minvermogenden (Middelburgsche Courant | 10 februari 1880); dit wordt hem verleend (Goessche Courant | 12 februari 1880; Middelburgsche Courant | 12 februari 1880; Middelburgsche Courant | 13 februari 1880). Ontvangt een pensioen van fl. 344 per jaar (Middelburgsche Courant | 28 juli 1880 vgl. Middelburgsche Courant | 16 september 1880 en Zierikzeesche Courant | 25 september 1880).

Viert zijn 50-jarig jubileum als onderwijzer in de gevangenis (Middelburgsche Courant | 23 december 1885). Bedankadvertentie voor de zoovele blijken van belangstelling (Middelburgsche Courant | 25 januari 1886 ).

Sinds 1836 tot nu (1886) onderwijzer aan de zondagsschool voor analfabeten (Middelburgsche Courant | 6 april 1886).

Vanaf het dienstjaar 1881, toen was Cornelis 70 jaar, was hij wegens lichamsgebreken ontslagen en kreeg een jaarlijks pensioen van 475 f. Dit blijkt uit een Kamerstuk der Tweeden Kamer van 1881-1882, Ordernummer 5. 1899 krijgt zijn weduwe 50 f per jaar

Z.M. heeft aan C. Kamermans, gewezen hoofdonderwijzer in het huis van bewaring te Middelburg, verleend een pensioen ten laste van de staat van f 139 's jaars (Vlissingse Courant, 25/01/1888 en Goessche Courant | 24 januari 1888 en Middelburgsche Courant | 24 januari 1888 en De Zeeuw | 24 januari 1888 vgl. Vlissingse Courant | 29 januari 1938, hier Kamerman zonder -s).

Vraagt na 55 jaar dit werk gedaan te hebben, ontslag als onderwijzer van de weeshuizen (Middelburgsche Courant | 26 april 1888 vgl. Middelburgsche Courant | 19 juni 1888). Blijkbaar wordt dit ontslag hem verleend, want de gemeenteraad kent hem een jaarlijks pensioen van fl. 50 toe (Goessche Courant | 21 juni 1888). Maar volgens B&W was Kamermans werkzaam bij het herhalings-onderwijs; het ontslag en het pensioen moeten dus worden verleend door het bestuur

Over meester Kamermans anno 1864: "dien morgen toch heeft meester Kamermans hem weer verteld, dat de drukke, roezige Klaas zo zijn best doet, en een van de eersten van zijn klasse is. Nu zal meester Kamermans wel niet spoedig iets kwaads van zijn leerlingen zeggen, omdat hij veel van kinderen houdt, maar de vriendelijke man met de lange, ietwat gebogen gestalte prijst nimmer, waar niet te prijzen valt" (De Faam 19 augustus 1936); "de goede man, van wien alle kinderen zo heel veel hielden" (De Faam 28 oktober 1936).

Polemiek tegen dhr. Loois over cadeaus en lootjes bij bepaalde merken zeep en margarine: dat gaat buiten de verantwoordelijkheid van de winkeliers om (Vlissingse Courant, 22/08/1899). Loois reageert: dat men onderscheid moet maken tussen lootjes en cadeaus (Vlissingse Courant, 23/08/1899)

O.a. bij hem zijn kosteloos te verkrijgen toegangskarten voor de lezing van dhr. C.R. Frowein over Zuid-Afrika (de boeren-oorlog! - Vlissingse Courant, 11/01/1901).

Verschillende vakorganisaties en werliedenverenigingen bundelen hun krachten in het verzet tegen de tegenwoordige exploitaties der havens, namelijk door de Maatschappij De Schelde. De grondslag van de samenwerking is een motie van den heer Th. Kamermans Jr. (Vlissingse Courant, 08/08/1902 en 16/08/1902 en Middelburgsche Courant 8 augustus 1902). In het moderamen van het cominté werd Th. Middelburgsche Courant 19 maart 1906). Tot het comité dat actie gaat voeren voor leniging van de nood behoort Th. Kamermans (Vlissingse Courant, 17/03/1906). Binnen dit comité ontstaat discussie over de vraag wie verantwoordelijk is voor de leniging van de nood: de overheid (gemeentebestuur) of de burgerij. Th. Kamermans verdedigt de eerste opvatting, maar de tweede opvatting wint (Vlissingse Courant, 22/03/1906 en Middelburgsche Courant 22 maart 1906 en Nieuwe Zeeuwsche Courant 24 maart 1906).

Als 17-jarige schippersknecht tekende Joost in 1866 bij de Marine als lichtmatroos voor acht jaar. In 1868 ontving hij een bronzen medaille en loffelijk getuigschrift voor het uit het water redden van een lichtmatroos. In 1872 werd hij voor onbepaalde tijd gedegradeerd van matroos 2e klasse tot matroos 3e klasse maar nog hetzelfde jaar weer bevorderd. In 1873 werd hij matroos 1e klasse en een jaar later opgenomen in het vaste korps schepelingen bij de Marine. In 1872 maakt hij de reis met Z.M. Admiraal van Wassenaar naar de kust van Guinee. Later werd hij overgeplaats op Z.M. Zeeland waarmee hij naar Oost-Indië voer. Nadat zijn marine-contract in 1875 was afgelopen, is hij in opleiding gegaan voor loods in Vlissingen. Tijdens de tocht naar de IJszee en Barentssee met de Willem Barents (een schoener bemand met 14 koppen) heeft Kamermans moeilijkheden gehad met de commandant en is als enige gestraft. Na de tocht heeft hij zijn loopbaan als loods in Vlissingen voortgezet. - Een Joost Kamermans was in 1890 gedetineerde in Goes (acte); het is niet duidelijk welke Joost Kamermans.

De loodsschipper W. Vader en de matrozen J. Kamermans en B.G. Baljé, zijn ter beloning van hun wakker gedrag bij het stranden der Nederlandsche loodskotter no. 2 op den westhavenberm der nieuwe spoorweghaven op den 12den der vorige maand, door Z.M. den koning beloond met eene gratificatie, de eerste van honderd en de beide andere genoemde ieder vijftig gulden (Vlissingse Courant, 09/04/1876).

De matrozen bij het Nederl. loodswezen te Vlissingen J. Kamerman (sic) en S. Baljé hebben zich vrijwillig aangeboden om deel te nemen aan de voorgenomen expeditie naar de IJszee. Dit aanbod is door de kommandant der expeditie aangenomen (Zierikzeesche Nieuwsbode, 28/02/1878 vgl. Middelburgsche Courant | 26 februari 1878 en Nieuwe Goessche Courant | 1 maart 1878).

De bemanning van de Willem Barendsz, waaronder J. Kamermans (Zierikzeesche Courant, 01/05/1878). Vgl. PZC 27 april 1996.

Genoemd bij de bemanning van de Willem Barents (Vlissingse Courant, 02/05/1878 en Middelburgsche Courant | 29 april 1878).

Enkele loodse onder wie J. Kamermans verklaren dat een bericht in de Middelburgse Courant van vrijdag 30 september over vermindering van hun loon niet door of vanwege een Nederlandse zeeloods is ingezonden, en dat zij de plaatsing van dat bericht ten zeerste betreuren (Middelburgsche Courant | 1 oktober 1887).

De zeeloods J. Kamermans krijgt eervol ontslag uit de loodsdienst (Vlissingse Courant, 12/03/1904 en Middelburgsche Courant | 14 maart 1904 ).

Joost is ook vermeld in de Marine-stamboeken schepelingen, Nummer toe gang: 2.12.14,

Raadslid Blum heeft bezwaar tegen de korte termijn van dit ontslag; de termijn zou ten minste drie maanden moeten zijn. Het argument van B&W om af te wijken van de termijn van drie maanden: de vader van dhr. Kamermans is kort geleden overleden en in Middelburg kan hij kostwinner van zijn moeder zijn. Daarom wil B&W genade voor recht doen gaan. Raadslid Blum legt zich daar bij neer (Vlissingse Courant, 07/10/1905 en Middelburgsche Courant | 7 oktober 1905 )

O.a. H.A. Kamermans is ter beschikking gesteld aan de goeverneur-generaal van Nederlands Indië om te worden benoemd tot onderwijzer bij het openbaar Europees lager onderwijs daar (Middelburgsche Courant | 5 april 1906). "Jubileum dhr. Th. Kamermans: Op 1 April a.s. is het veertig jaar geleden dat de heer Th. Kamermans in dienst trad bij de Haven van Vlissingen. Nadat de jubilaris in 1911 zijn eindexamen 5-jarige H.B.S. te Middelburg had behaald was hij enkele jaren werkzaam bij de Vlissingse Groentenvelling en bij de Ontvanger der Invoerrechten en Accijnzen. Op 1 april 1914 trad hij in dienst bij het Gemeentelijk Havenbedrijf als comptabel ambtenaar. Op 8 November 1919 werd hij bovendien benoemd tot secretaris van de Haven-commissie. Toen op 15 Juni 1934 de N.V. Haven van Vlissingen werd opgericht en de gemeente Vlissingen haar rechten in die N.V. inbracht ging de heer Kamermans over naar deze NV. en werd hem procuratie verleend. Hij is nog steeds als procuratiehouder werkzaam en het is te verwachten dat hij als zodanig nog een 5-tal jaren in dienst zal blijven. De heer Kamermans heeft zodoende de gehele ontwikkeling meegemaakt van de Vlissingse haven, nadat de exploitatie daarvan was losgemaakt van de Kon. Mij. "De Schelde". Eerst alleen wat betreft de binnenhavens en sedert 1934 ook het buitenhavenbedrijf. Ook buiten zijn normale werk heeft de heer Kamermans verschillende interessen gehad. Zo is hij reeds 36 jaar bestuurslid van de Gereformeerde school voor L.O., was 30 jaar secretaris van de Christelijke ULO -school, welke functie hij in 1953 om gezondheidsredenen moest neerleggen en is ruim 40 jaar organist van de Gereformeerde kerk. Op Donderdag 1 April zal de heer Kamermans door de N.V. en het personeel worden gehuldigd terwijl van 1 uur tot 5.30 uur gelegenheid wordt geboden om hem te complimenteren in het café-restaurant "Unitas" aan de Oprit te Vlissingen" (PZC 23 maart 1954 vgl. Zeeuwsch Dagblad 25 maart 1954 en De Stem 26 maart 1954). Een uitvoerig verslag van de receptie, waarbij Kamermans de eremedaille in goud van Oranje-Nassau ontving, in de PZC van 2 april 1954 en de Scheldebode van 16 april 1954

KAMERMANS, Frans

Beroep: anesthesioloog (1959-1989)

Artsexamen: Amsterdam, 22 juni 1953

Specialisatie: anesthesiologie, 1959 (Amsterdam)

Geboren: Vlissingen, 9 januari 1924

Ouders: Christiaan (accountant) en Maria Johanna van Eck

Gehuwd met: Petronella Louise Abrahamse (arts)

Overleden: Veere, 23 augustus 1991

Adres: Willem Klooslaan 11

Functies: docent aan het IGO

In mei 1959 vestigt hij zich als eerste anesthesioloog in Vlissingen waar voordien de narcose door huisartsen (als laatste de Greef sr.) werd gegeven. In 1982 associeert hij zich met het echtpaar Glansdorp-Beuker waarna hij en zijn vrouw, die hem 30 jaar heeft geassisteerd, parttime gaan werken.

Hoewel hij als lid van de afdeling Walcheren niet op de voorgrond staat heeft hij als een vakbekwaam en betrouwbaar anesthesist in medisch Vlissingen een onaantastbare positie. Zijn ingezonden brief\*1 als reactie op het besluit van de toenmalige ziekenhuisbesturen om in Vlissingen twee nieuwe ziekenhuizen te bouwen is de eerste stap geweest op de weg die geleid heeft tot de fusie van de drie Walcherse ziekenhuizen.

In 1989 beëindigt hij de praktijk\*2 die voortgezet wordt door L.J.C. B. B. B. Bravo. Twee jaar later is bij het zwemmen in zee in Vrouwenpolder overleden\*3.

Notes for Adriaan Kamerman:

Adriaan Kamerman (99) overleden / Redactie: 4 juni 2009 - Aalsmeer r Witte Weekblad van 2.12.2009

AALSMEER / DOORN - Op Eerste Pinksterdag overleed de nestor van de Aalsmeerse bloemenexport, Adriaan Kamerman.

Hij was in januari 99 geboren. Kamerman werd geboren en groeide op in een streng protestants milieu in de Haarlemmermeer. Zijn vader had hem als jongen eens een nacht in het kolenhok opgesloten. Door deze traumatische gebeurtenis zou hij zich distantiëren van de orthodox calvinistische levensstijl. Hij was met de onlangs overleden landbouwer Henk van Zijverden een van de voormannen van het liberalisme in Aalsmeer en omgeving. Kamerman werd bloemist en exporteur. Vorig jaar werkte hij mee aan het Bevrijdingsdagprogramma van de Oude Veiling. Hij vertelde toen, dat hij dat gebouw vóór 1928 nog als veiling had meegemaakt. Kamerman was een succesvol zakenman, die niettemin met zijn compagnon Teun van Zanten door enkele diepe dalen ging. Met lede ogen zag hij het verval van Aalsmeer aan, zo zichtbaar door de instortende kassen.

In de oorlogsjaren woonde Kamerman en zijn gezin aan de Oosteinderweg, vlakbij scheepswerf De Vlijt. Hij zag er de Duitse generaal Friedrich Christiansen regelmatig paraderen, als die naar zijn boten in aanbouw op de scheepswerf ging kijken. Christiansen liet zijn Horch, met de geweren van zijn bewakers er nog in, parkeren aan de Oosteinderweg. Kamerman was goed bevriend met huisarts Henri Oei, die veel contacten met de illegaliteit had. Zo maakte hij illegale lijkschouwingen mee, die Oei in de aula van de begraafplaats verrichtte. Kamerman werd in de

oorlog bedreigd door NSB'er Dirk Buis: 'Als je geen NSB'er wordt, zal ik zorgen dat je morgen in het kamp zit.' Voor de geschiedschrijving van Aalsmeer in oorlogstijd was Adriaan Kamerman een bron van onschatbare waarde. Toen de oorlog begon was hij 31 jaar. De alom gerespecteerde Adriaan Kamerman verliet Aalsmeer op hoge leeftijd, omdat hij jaren zou moeten wachten op een aanleunwoning. De laatste fase van zijn leven woonde hij in Doorn, maar hield steeds contact met Aalsmeer.

moeilijk op haar zoon oppassen kon, bleef Loek ongeveer 1948 en 1949 bij zijn tante Hermina Jacoba Kamermans en zijn oom Anton van Dam in Utrecht wonen. Maar deze familie had zelf 5 kinderen en zo was het samenleven met een kind, dat normaal leven in een familie met andere kinderen niet kende, onmogelijk. Loek moest terug naar zijn moeder.

Uittreksel uit "An Email-based Interview with Hugh McGregor Ross", by Bob Bremer Ross:

"You might like me to expand on this idea of the characters needed for correct spelling. The topic may be of interest because it has never previously been explained, nor has it been told how we did the work. The concept and activity started with ISO 6937 where we were tackling the characters needed for correct spelling of European languages. Loek Zeckendorf of Holland was a primary contributor, and we were unofficially taking advantage of work done by bibliographers in the great libraries of France, Germany and Britain, who also shared this concept about correct spelling. I extended this to the accented letters of Greek, at that time the most difficult script we had tackled. For ISO 10646 we could subsequently take advantage of all that."

Louis Johan (Loek) Zeckendorf and Anne Pauline (Anke) de Boer had the following children:
